MILES AND MILES OF PLEASURE

One of the East Coast's finest recreation spots is only 20 miles down the road. The Cape Cod Canal is a magnet for active people who like to bike, run or walk. The maintenance road just above the rip rap is a trail beyond compare for all of these sports. This section is near the Sagamore Bridge which is in the distance on our cover. The photo was taken from a walkway which extends in to the canal to make a fine fishing spot or stop to catch a breath while taking in a grand view of the canal.

Beyond the Sagamore Bridge entrance on the north is Scusset Beach, a magnificent sweep which extends up the coast toward Plymouth. The riprap at the canal entrance off Scusset makes an interesting rock walk as it extends out to the high marker guarding the entrance to the Canal. From this point, the occasional passing ship is well within hailing distance.

The canal roadway is reachable from many places. On the north side it runs from the Maritime Academy to Scusset and on the south from Bourne to Sandwich beach. Each walk offers a fresh prospect and the activity on the waterway furnishes a constant change of scene. Winter and Summer, Spring and Fall

Apology to Principal Kozicki

The Mattapoisett School Committee last week passed the motion of new member Dr. John Bender to apologize in writing to any person who had been wrongfully questioned in the events that led to the recent resignation of Mrs. Katherine Kozicki who has been Principal of Center School for 19 years. There was a general consensus that rules for future probes should be formulated.

Katherine Roberts-Gaudet presented the newly organized School Committee with 4 questions signed by more than 125 residents as 50 plus people attended the Tuesday (April 11) meeting of the School Committee held at the high school.

Mrs. Roberts-Gaudet read the following statements and questions:

"We wish to express our extreme concern over the event involving the Mattapoisett School Committee's and Superintendent Joan Walsh's April 1988 investigation of Katherine Kozicki.

"Because of confusion following the Saturday, April 1, 1989 Standard-Times article and issues raised at Candidates' Night, we feel the following questions need to be addressed before we can put this matter to rest.

"1) Was policy for processing a complaint against an administrator followed?

"2) How did this investigation originate? Was this discussed with Mrs. Kozicki at a School Committee meeting?

"3) Why did the Superintendent call for

the investigation of Mrs. Kozicki when no accusations had been made to her in writing? Why were private citizens called in for questioning?

"4) Why was communication on this issue denied to parents and community members? Why were documents destroyed?"

Maureen Best is the only remaining member of the Mattapoisett School Committee who was on that panel in February 1988 when Superintendent Joan Walsh conducted an investigation of rumors of proposed cuts in the kindergarten and first grade. In the course of this probe, Miss Walsh questioned parents and interrogated Mrs. Kozicki. Mrs. Best stated the the Committee had been told only that Principal Kozicki's assistance was going to be asked in trying to determine the source of the rumors.

In answer to the question, "How did a rumor evolve into a full-scale investigation of private citizens as well as the principal?", Mrs. Best replied that there were complaints against the administration. There were accusations that the authority of the School Committee was being undermined. Mrs. Best said, "People here do not have all the facts and the School Committee at that time did not have the facts." She said that she did not know how the investigation developed, Mrs. Kozicki was never regarded as the focus and that in her judgement it was never the intention of the committee to institute an investigation.

At the time that Miss Walsh issued her report on the probe, Mrs. Best stated the committee did not know that there was any

knowledge in the community "about any of this". The Committee did not want the the report to become a public document so they did not read it at their meeting (after it was issued in April of 1988). At a May 16, 1988 meeting the members decided to destroy the document and apologize to Mrs. Kozicki and other persons who were investigated.

A question was asked, "If the School Committee did not wish that the questions be taken to the investigatory stage, how then did it get to that stage?" Superintendent Walsh then replied with essentially the same prepared statement that appeared in the April 12 issue of the Presto on page 28, to the effect that she never had reason to question either the performance or professionalism of Principal Katherine Kozicki whom she had nominated for Principal of the Year in 1985 in recognition of her outstanding contribution to the students of Mattapoisett. Miss Walsh went on to say that she has urged Mrs. Kozicki to reconsider her intention to retire.

Mrs. Kozicki then said that at the time of the investigation she had requested a reason and that Miss Walsh had told her repeatedly that she was required to conduct it. Mrs. Kozicki then asked Miss Walsh to set up an afternoon meeting with Committee member Ellen Driscoll (who was chairman at that time) in order to discover the source of the rumors. Miss Walsh did so, according to Mrs. Kozicki, but the meeting did not take place because Mrs. Driscoll did not appear.

Mrs. Kozicki said that she was glad to hear that a policy is now being proposed that will protect future administrations. She thanked Dr. Bender and all of the people of Mattapoisett for their telephone

calls and messages of support. Mrs. Best said that Mrs. Kozicki was right when she stated that communication was a problem. She said that at no time did she understand that there was to be an investigation of Mrs. Kozicki and was surprised at how it developed since she had never questioned or considered such a development.

Mrs. Clara Morgan, newly elected Chairman of the Mattapoisett School Committee, then called for a show of hands to "put all of this behind us and move on". No hands were raised among the 50 or more present.

Mrs. Kate Webb, a parent, asked that the Committee consider giving Mrs. Kozicki a year sabbatical after which she would return to her position. Mrs. Kozicki said that she was not sure how that would affect her benefits and would have to find out. She expressed appreciation of the apology and thanks to all of the people of Mattapoisett.

It was suggested, from the floor, that it is "not up to any one person to make decisions concerning the school system, that these are public employees and the public should know whether there is any wrongdoing on the part of the Superintendent. The public has a right to know."

At the conclusion of the meeting none of the original signed questions that were posed by Mrs. Roberts-Gaudet had been answered in any satisfactory manner.

to question Selectmen on the intentions of the Mattapoisett Housing Authority with the article it is placing in the annual town meeting of May 1 asking the town "to vote to transfer to the Housing Authority a parcel or parcels of town owned or tax title land of sufficient size for the development of Chapter 705 housing and Chapter 689 housing". (Chapter 705 refers to low-income housing: Chapter 689 to special needs housing.)

About 35 residents of Long Plain Road attended the meeting. Mr. Michael Costa, a homeowner on that road, was spokesperson for the group, and he presented the board with a petition signed by 34 homeowners specifically objecting to the transfer of land and objecting to the plan of the authority to build three duplexes under Chapter 705 for subsidized housing on Long Plain Road.

Chairman Talty said Selectmen did meet in executive session with the Housing Authority and did discuss possible sites on Long Plain Road and on Brandt Island Road but no specific site was agreed upon. He explained, "If the Housing Authority wants to place an article in the warrant they can; they are elected officials. They will have to explain their intentions at the town meeting."

Mrs. William Burnett said she felt the article was very broad based. "We may have to go through a discussion at town meeting of all town-owned land. We did not receive a letter from the Authority although we are only one-half mile from those homeowners who did get letters." She also asked "Do we have to vote that night?" Chairman Talty responded saying, "The Authority cannot have something vague before town meeting voters. We will have Town

Counsel review the article before the meeting."

The letter in question was sent by Ms. June Mendell, Executive Director of the Mattapoisett Housing Authority, to homeowners on Long Plain Road and proposed use of the land. Mr. Costa explained he received very little information after researching the letter's intent. He added that the meeting scheduled for April 10th with the neighbors and the Housing Authority was postponed. "I've heard all kinds of stories, and nothing is clear cut. Are we actually going to town meeting without enough information to vote?" Even the Selectmen, when questioned earlier, couldn't give any information of any specific proposal. He continued, saying he called Ms. Mendell about the proposal and she said the Authority has a grant from the State on three types of housing. The Authority was looking into the Long Plain Road site for three duplexes.

Mr. Costa noted housing in this area is residential single family houses and not rentals. The Housing Authority has not held public meetings nor publicized where it plans such housing. He asked Selectmen to withdraw its support.

Selectman Hubbard said, "Our support was for the concept of affordable rental property. We have not considered any special property. Town meeting voters will have to ask for specific land with a description and legal bounds outlined. The

Chairman Talty explained, "We could be in violation of the law if we went on the books as being opposed to affordable housing. Mattapoisett has an excellent track record with the state on housing, but it is possible for the state to withhold all discretionary funding to the town. We have no mandate from the state to conform or lose funds. We wouldn't agree to transfer any land until we had all specific information on the use of the land." The Chairman noted the Housing Authority meetings are posted and open to the public. "I suggest you meet with the Authority members and definitely ask for a public hearing", the Chairman said.

Mrs. Burnett asked if Selectmen will say at Town Meeting that state funds will be lost if the article is not passed. "The state is coercing small towns. Six units on one acre of land where there is no sewer system, no public transportation. We are nervous. We conform to building codes and with houses selling for $400,000 in the area this will reduce our valuation."

Chairman Talty informed the group that Ms. Mendell is an employee of the Housing Authority and perhaps this is her proposal to the Authority members and the members haven't accepted it as yet. Town Counsel's opinion on the wording of the article as it pertains to the transfer of town-

RECEIVED A LETTER from Mr. and Mrs. Sam Tonnessen, 25 Tinkham Lane, complaining about the "deplorable condition of Tinkham Lane". They cited several mishaps of relatives and neighbors losing control of their cars due to potholes. The letter noted Highway Surveyor Wesley N. Bowman earlier had the road leveled and improved conditions 100 percent. Tinkham Lane was listed as an accepted street in 1888 exactly 110 years ago. "It is very sad when a road with so much historical value can be left to deteriorate so badly."

The Tonnessens write: "This leaves us no alternative but to notify you that we will no longer pay any repair bills to our cars. You will receive all bills through our attorney. If any family member is injured due to the negligent way this road has been ignored you will have to bear full responsibility."

Selectmen agreed to turn the letter over to Town Counsel for his recommendation. Following the meeting, the Highway Surveyor was contacted for his comment. Mr. Bowman said, "We graded it when the road was dry, but now that the frost is coming out of the ground, it is too muddy. No way can we grade with water in the road. We will get at the road as soon as the road is dry enough. For one thing,

(The third session of the public hearings will be held Thursday, May 4, at 7:20 p.m. in the Town Hall Conference Room.)

Mr. Blanchette acknowledged the people who helped achieve the committee's goals. They are, in addition to Mr. Flatley, other state agency directors and their assistants; with special reference to Mr. William E. Sketchley, Consultant, whose services were made possible through a MAP grant. He commented, "We have been helped to provide direction, example, confidence to our committee, leaving us better prepared for future activities."

WERE INFORMED by Richard Prouty, 40 Ned's Point Road that he is in opposition to the proposed extensions of the Mattapoisett Boat Yard announced on February 22, 1989. Mr. Prouty feels the proposed change in use to create a marina in a residential district is objectionable, obnoxious, and increasingly detrimental to the neighborhood.

He said, "Please be sure our Zoning By-Law is followed if this change in non-conforming use is allowed - specifically safeguards to control garbage, oil spills, pumping sewage and high coloform count."

Selectmen will pass the letter to the Conservation Commission.

Growth Management

Reported by CONNIE KEAVY

The Mattapoisett Growth Management Committee met on Thursday, April 6th, at 7:30 p.m. at Village Court.

Chairman Peter Kortright introduced Mr. Burk Ketcham, who is currently assisting the Planning Board. Mr. Ketcham explained that he and his associates will organize and catalog all information pertinent to Mattapoisett and present it to the Planning Board. The Planning Board will then present these findings to the Town Planner, who will implement the plan of action, working with the Growth Committee as a resource.

The M.G.M. Committee's dialogue with Mr. Ketcham was very informative and pertinent. Several current issues were discussed and Mr. Ketcham became acquainted with the committee's two year record of progress.

Letter to the Editor

The League of Women Voters of the Tri-Town Area supports the upcoming Old Rochester Regional High School renovation and expansion bond issue. We feel that the improvements and the continued upkeep of the buildings are necessary. The school is in great need of repair. Many of the repairs are mandated by law, such as asbestos removal and handicap access. The others are repairs and modifications necessary for a thirty year old facility which we hope to continue to use into the next century.

The League of Women Voters of the Tri-Town Area feels the community could most easily and effectively support their schools by voting for this bond issue.

Guidance counselors John Spinale, Susan Zartman, and Barbara Meehan will provide information on the college search process. Materials will be available for parents on the steps followed in seeking the appropriate post-secondary education. Counselors will provide information on financial aid and scholarships also. Because the college application process has become more complex the counselors believe a headstart is beneficial to students and parents. Parents and students will be better able to work together in planning for the future.

The Guidance Department encourages parents of all underclassmen to attend. Information will be especially helpful to parents of juniors.

country were exchanged. In addition, many students exchanged "pen pal" letters.

Book awards were given to the following students: in painting, Jon Michaud, Caroline Gracia and Shannon Drew; in creative writing, Andy Reilly, Sarah Lake and Katie Dutra; honorable mention, Farah Bowers, Glendon Homer and Steven McGra.

Mrs. Thayer coordinated the exchange of entries, and made a video tape of classroom activities in each school. Students at OHS were able to observe a horticulture class where students in the West Indies prepared the soil for a vegetable garden at their school; while students at Kinsale School observed students in Miss McQuillan's science class demonstrate their "Invention Convention" project. It was a very enlightening experience. The project not only encouraged creative expression but it gave students an opportunity to learn more about each other and to bridge the gap between neighbors who will be environmentally more dependent upon each other in the future.

Q. **Why are contact lenses more expensive than glasses?**

A. The cost of contact lenses is deceiving because we usually think of it in one lump sum.

Actually, the cost of lens materials is no greater for contacts than for glasses.

The additional cost of contacts goes for the many extra services you need. The optometrist, for example, spends more time and uses more skill to properly prescribe, analyze, design, verify and modify the fit of contact lenses.

There is also the cost of the individualized instructions you need to learn how to put on, take off and care for your contacts.

In addition, the initial cost of contact lenses should cover follow-up office visits during the adaptation period. These are essential for your safe and successful wearing of contacts.

EVENING OF JAZZ

The Zeiterion Theatre presents An Evening of Jazz with Dave Brubeck and the Dave Brubeck Quartet on Saturday, April 29th, at 8:00 p.m. Freestone's Restaurant and Bar of New Bedford is proud to sponsor this legendary jazz performer. (Mr. Brubeck's performance was originally scheduled for Friday, April 7, but was postponed to April 29 because of his recent bypass heart surgery. His doctors feel that he is progressing right on schedule.) Tickets are priced at $20.00, $18.00 and $16.00 with a $2.00 discount for senior citizens and students. Tickets are available at all Ticketmaster locations or by calling Ticketmaster at (617) 787-8000. For more information on tickets and group packages call the Zeiterion Box Office at 994-2900.

A composer, pianist and jazz legend, Dave Brubeck's use of odd-metered time signatures, emphasis on improvisation and harmonic experimentation rooted in the blues, first captivated audiences over 40 years ago in San Francisco, California..

In 1954 Dave Brubeck was the focus of a "Time" magazine story on the rebirth of jazz. The Dave Brubeck's "Time Out" album was released and became the first jazz album to "go gold" when over a million copies were sold in the United States in 1963. The famous original quartet with Joe Morello, Eugene Wright and Paul Desmond continued to perform together until

the late 1960s. After the original quartet disbanded in 1968, Mr. Brubeck toured and recorded with different musicians, and for two years led an all Brubeck Quartet with his sons, Darius, Dan and Chris. The current version of the Dave Brubeck Quartet includes Randy Jones, drums; Jack Six, acoustic bass; and Bill Smith, an original member of the 1946 octet, on clarinet.

Always a seeker of new audiences for jazz, the Dave Brubeck Quartet has toured all over the world including a performance at the Summit in Moscow at the reciprocal dinner honoring the Gorbachevs hosted by former President Reagan and Mrs. Reagan. Following that performance in 1987, they toured in Moscow, Tallinn and Leningrad. Their most recent recording on Concord Jazz, "Moscow Night" is a live concert from the 1987 Russian tour.

At Dave Brubeck's concert, Freestone's Restaurant and Bar will draw the winner of their "Save the 'Z', Eat for Free" contest. The lucky person will win 12 dinners for two, one a month for the coming year. The raffle tickets are $5.00 each with all the proceeds going to the Zeiterion. The tickets will be available at Freestone's until Saturday, April 29th. For more information on the contest call Freestone's at 993-7477.

ST. JUDE'S NOVENA
May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever. Sacred heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude, help of the hopeless, pray for us.
Say this prayer 9 times a day. By the 8th day your prayer will be answered. Say it for 9 days. It has never been known to fail. Publication must be promised. Thank you St. Jude. J.N.M.

Morton Dean at BCC

Award-winning anchor and correspondent Morton Dean will give the BCC President's Club lecture on April 25th.

A Fall River native, Dean is best known for his 20 years with CBS News. Throughout his years at CBS, Dean covered many substantial stories including the war in Vietnam, the Iranian hostage crisis, the assassination of President Sadat in Egypt, the invasion of Grenada, many of the Pope's visits, the Falklands war in Argentina, the turmoil in El Salvador, Castro in Cuba and the royal weddings in Great Britain. He was CBS's principal correspondent for NASA's space program and reported on presidential conventions, campaigns and elections, including the Nixon, Humphrey, Rockefeller and Reagan campaigns. For many years he also anchored the CBS Evening news on Sunday and the CBS Morning news.

Dean more recently anchored a local and network newscast for the Independent News, where he was again honored for his work. He has hosted a number of shows and specials including the acclaimed HBO special investigating the background of Kurt Waldheim.

St. Luke's "CountDown USA"

FREE BLOOD PRESSURE
& CHOLESTEROL SCREENINGS

St. Luke's Hospital of New Bedford is one of sixteen member hospitals of VHA HealthFront, the local branch of Voluntary Hospitals of America (VHA), to conduct blood pressure and cholesterol screenings as part of the second annual nationwide health screening event called CountDown USA.

St. Luke's will provide free blood pressure and cholesterol screenings to community health care providers on April 26th. The theme of St. Luke's CountDown USA participation stresses the hospital's role of "taking care of people who take care of people". Those who provide health care services perform a valuable community function in helping to keep others healthy. The CountDown USA screenings will offer them a special opportunity to check on their own blood pressure and cholesterol levels. As role models, health care providers also serve to motivate others to adopt practices aimed at preventative health care.

Preventive health care and safety is the theme of St. Luke's second annual Family

Harpoon Harmonizers

BARBERSHOP QUARTET CONCERT

On April 29th at 8 p.m. the New Bedford Chapter of the Society of the preservation and encouragement of barbership quartet singing in America, known locally as the Harpoon Harmonizers, will present their 43rd annual concert.

The Harpoon Harmonizers Chorus is made up of men from many of the local communities, representing Acushnet, Fairhaven, Dartmouth, Mattapoisett and Fall River.

At a recent competition at Norwood, MA. the New Bedford Chapter was chosen as the most improved chorus in the area and number 1 among small choruses.

Along with the local singers will be featured two outstanding quartets: the current New England champions, from Providence, an exceptional singing group, "Prime Alliance"; and from Wayne, Michigan, a particularly entertaining quartet, "The Ivy League". This group has been actively appearing all over the United States from Florida to Hawaii.

Sunglasses are not just fashion anymore!

It used to be that a pair of sunglasses was something you bought at the corner drugstore because you liked the way they looked on you. Since they only cost a couple of bucks and really weren't that important, you proceeded to abuse them. They usually got scratched when you tossed them in your purse on top of your keys, or melted on your hot dashboard or were left behind on the sink in some gas station washroom.

But all that has changed. Sunglasses have become very specialized. They are designed to fill different needs and different lifestyles. They also fall into different categories, each getting more and more sophisticated.

In what category do Vuarnets fall?

Vuarnets are the only brand of sunglasses proven to be performance sunglasses. Research conducted by Dr. Elizabeth Brown of the University of Maryland has determined that wearing Vuarnet sunglasses improves learning and performance of athletic skills by 33%. They actually help you learn and participate in your activity.
